

# Sprint Plan - Sprint Two

## Slug Space

Team Homeless-no-More

Sprint End date: 11/5/17

Revision: v1, 10/24/17

### Goal:

- **User Story 1:** *As a user, I want to be able to create new listings in order to store properties into the database for students to find.*
  - Task 1: Setup Firebase tables to store user information (1-2 hours)
  - Task 2: Create page where users can post new listings (2 hours)
  - Task 3: Store user information inside database (2 hours)
- **User Story 2:** *"As a user, I want to be able to view all of the listings on the map in order to see properties that interest me."*
  - Task 1: Get property data from database tables (2 hours)
  - Task 2: Display properties on Santa Cruz map (4 - 5 hours)
- **User Story 3:** *"As a landlord, I want to be able to post events in regards to my properties in order to update students about upcoming open houses, meetings, and other events."*
  - Task 1: Create page for landlords to add events to listing (2 hours)
  - Task 2: Store listing event inside database table (1-2 hours)
- **User Story 4:** *As a user, I want to be able to express interest in properties in order to stay updated on all property events through my dashboard.*
  - Task 1: Setup dashboard for users (2 hour)
  - Task 2: Display property events on user dashboard (2-3 hours)
